**WORDS FROM HEAD COACH MATT HEATH:**

Dear Parents,

My name is Matthew Heath and I am the new Director of Education and Junior Programs at PG Golf & Sports Academy.

As we start the first Trimester 16 of September I wanted to explain how our Junior Section is going to change moving forward, we are going to be structuring our programs to get the most out of each junior.

Our Goal at PG Golf & Sports Academy is to grow your child to become the best person they can be. Whether their goal is to become a Professional Golfer or a Brain Surgeon, the skills that we give them in problem solving, structure and practice enables them to flourish in all aspects of their lives.

Our Goal is to create a pathway for your child to progress through to our Junior Elite Program which opens the possibility for further education in a US College. No matter what they want to do in the future, a college scholarship opens a vast array of possibilities.

We want to interact with not only the Golfer but the person. We encourage the sharing of achievements outside of Golf which showcase how brilliant and individual each child is. Each Junior is as special to us as they are to you the parent and we want to encourage this as much as possible.

We look forward to achieving great things with you and your child.

Kind Regards

Matt Heath  
PG Golf & Sports Academy
